Software Developer

## Education

**Vellore Institute of Technology**

**August 2021 – April 2025**

*Bachelor of Technology in Computer Science and Engineering (CGPA: 8.34)*

*Bhopal, Madhya Pradesh*

## Technical Skills

**Languages:** C/C++, HTML, CSS, JavaScript, TypeScript

**Frameworks/Libraries:** Next.js, ReactJS, Node.js, Express.js, Tailwind CSS

**Databases:** MySQL, MongoDB

**Relevant Subjects:** Database Management System, Object-Oriented Programming, Operating System

**Tools/Technologies:** Git, GitHub

## Experience

**Ozi Technologies Private Limited**

**June 2025 – Sept 2025**

*Software Development Engineer (SDE) Intern*

*Gurgaon, Haryana*

- Built and deployed scalable web applications for a quick commerce and e-commerce company, including a full-featured platform and an Order Management System using React.js, Next.js, React Admin, Tailwind CSS, and Material UI.
- Integrated RESTful APIs with backend services, optimized application performance and state management using React Hooks, and developed responsive, reusable UI components.
- Collaborated in an agile startup environment, contributing to UI architecture, backend integration, peer code reviews, and sprint planning to support rapid product iterations.

**Ethnus**

**Aug 2023 – Nov 2023**

*Full Stack Developer Intern*

*Remote*

- Built a full-featured e-commerce platform with user auth, product catalog, cart/checkout, and admin dashboard using React, Node.js, Express, MongoDB, Redux (state management), Stripe API (payments), and JWT (auth).
- Optimized performance with RESTful APIs and responsive UI.

## Projects

**Glamora E-commerce Platform** | *React.js, Express.js, MongoDB, Node.js, Tailwind CSS*

**March 2025 – May 2025**

- Built a full-stack e-commerce platform for female-oriented products with features like secure payments, product management, customer reviews, and a responsive user interface across devices.
- Developed and integrated RESTful APIs to enable smooth data exchange between front-end and back-end systems, ensuring reliable transactions.
- Designed intuitive navigation and user-friendly features to deliver an engaging shopping experience.
- **GitHub:** <https://github.com/manishsingh0418/glamora-frontend.git>

**HireHorizon** | *React.js, Node.js, Express.js, Firebase*

**September 2024**

- Built a responsive job portal with advanced filters (role, type, location, experience) and interactive job cards using React.js and Day.js.
- Developed reusable UI components, optimized state management, and ensured cross-device responsiveness for smooth user experience.
- Integrated Firebase services for authentication and real-time job data management, enabling dynamic updates and advanced search features.
- **GitHub:** <https://github.com/manishsingh0418/HireHorizon.git>

## Achievements

- Solved 500+ DSA questions on GeeksforGeeks and 250+ on LeetCode
- Ranked under 100 at VIT Bhopal on GeeksforGeeks Institute Leaderboard
- Selected among the top 200 coders in VIT Bhopal for the Immersion program

## Certifications

- SQL, HackerRank, Feb 2024
- AWS Cloud Practitioner, Amazon Web Services, Jan 2024

## Extracurricular & Interests

- Core Member of Mozilla Firefox Club and Insights Club; organized technical workshops and events, including MOZFOX with 500+ participants and industry speakers.
- Interests: Reading self-help books, listening to music, playing badminton
