Patna, Bihar

+91 8987562984 manishkumar80819@gmail.com linkedin.com/in/manishsingh0418/

Software Developer

Education

Vellore Institute of Technology

August 2021 – May 2025

Bachelor of Technology in Computer Science and Engineering (CGPA: 8.33)

Madhya Pradesh, India

Technical Skills

Languages: C/C++, HTML, CSS, JavaScript

Frameworks/Libraries: Bootstrap, ReactJS, Node.js, Express.js

Databases: MySQL, MongoDB

Relevant Subjects: Database Mangement System, Object-Oriented Programming, Operating System

Tools/Technologies:Git, GitHub

Experience

GenixBit

May 2025 – Ongoing

Full Stack Developer Intern

Remote

- Working on a dynamic sports event listing platform featuring country and sport-wise filters, event statuses, and external redirection to official sources.
- Utilizing React and Node.js to implement a responsive UI and scalable admin panel actively engaging in requirement analysis and feature planning.

Ethnus

Aug 2023 – Nov 2023

Full Stack Developer Intern

Remote

- Built a full-featured e-commerce platform with user auth, product catalog, cart/checkout, and admin dashboard using React, Node.js, Express, MongoDB, Redux (state management), Stripe API (payments), and JWT (auth).
- Optimized performance with RESTful APIs and responsive UI.

Projects

Glamora E-commerce Platform | React.js, Express.js, MongoDB, Node.js, Tailwind CSS

March 2025 – May 2025

- Focused on female-oriented products, including clothes, garments, cosmetics, and jewellery, delivering a targeted shopping experience.
- Designed and executed features such as a user-friendly interface, secure payment integration, product management, customer reviews, and responsive design for seamless use across devices.
- Enhanced user retention by 30 % through seamless navigation and user-friendly features.
- Developed and integrated RESTful APIs, enhancing data exchanges between front-end and back-end systems, which resulted in a 40improvement in response times for user transactions on the platform.
- GitHub:** <https://github.com/manishsingh0418/glamora-frontend.git>

HireHorizon | HTML, CSS, React JS, Firebase

September 2024

- Developed a responsive job portal with filters for role, type, location, and experience.
- Built interactive UI components and managed state using React JS
- Integrated Firebase for real-time job data management.
- Designed job cards with application links and timing via Day.js.
- Added interactive search with a "Clear Filters" feature.
- GitHub:** <https://github.com/manishsingh0418/HireHorizon.git>

Certifications

- SQL, HackerRank, Feb 2024
- AWS Cloud Practitioner, Amazon Web Services, Jan 2024

Extracurricular Activities

- Core Member at Mozilla Firefox Club and Insights Club.
- Organized and conducted technical workshops and events to promote open-source contributions, including coordinating the event MOZFOX with over 500 participants and prominent tech industry speakers, increasing club membership by 15%.

Hobbies

- Reading self-help books
- Listening to music
- Playing badminton
